

ROUND UP FOR HEALTHCARE

We invite you to support the Carson Valley Health Foundation as we round up to the nearest dollar for local healthcare services in the Carson Valley.

Through collaborations with our valued community partners, we can continue to bring state of the art healthcare to the members of our community.

WHAT WE ARE ASKING OF YOU

- Choose the month you would like your business to participate.
- Ask your customers to round up their purchase to the nearest dollar to support healthcare.
- At the end of the month, tally up the round up totals, and make a tax-deductible donation of the total to the Carson Valley Health Foundation.

WHAT WE DO TO SUPPORT YOU

- Market your business the entire month of your round up participation.
- Email blast to our 50,000+ person database, social media promotion, highlight your business on our two digital signs on Highway 395 in Minden and Gardnerville, and flyers at local events.
- Marketing materials to display in your business during the month of participation.
- List your business as a partner in health and wellness on our CVH Foundation wall in the main lobby of Carson Valley Health Hospital.
